Re: United States v. Christopher Baez  
07 Cr. 1158 (LBS)

Dear Judge Sand:

Last month I requested an adjournment of my notifying the Court whether I would be filing any motions. I explained that I anticipated that there would be a disposition of this case, but, if for some reason, there was not, I might move to suppress the items seized in a warrantless search of an apartment which the defendant shared with his girlfriend, Frances Estrella. I still expect there will be such a disposition. Defense counsel has been discussing the matter with the government and I expect those discussions will be concluded by the next pretrial conference which has now been adjourned until March 18th. Accordingly, I respectfully request that my decision on whether I should file a motion to suppress be extended to March 18th. The government has advised me that it has no objection to this request.

Respectfully,
